

H1N1 Flu Vaccine
Free Mini-Clinics
at your workplace!

We'll come to you!

In recognition of National Influenza Vaccination Week, the Health Department announces beginning a mobile program that enables businesses and organizations to request a nurse to come to the workplace to administer the H1N1 (Swine) Flu vaccine.

The requirement is to have 20 or more employees signed up for the clinic; spouses and children of the employees may sign up as well.
